

# TRADITIONAL WOUND CARE

Unsurpassed quality in a complete line of products

# Why Medline?

Medline is a one-stop shop with the products and services you need to achieve immediate results and sustain improvements for the long haul. How do we do it?

- We're a manufacturer and distributor, unlike other companies. By eliminating the middleman, we save you time and money.
- We're knowledgeable about our products. If you call us with a question, you get an answer. Simple as that.
- We have sales reps, inventory and warehouses all over the world. So we're there when and where our customers need us.
- We provide ongoing education and competency reviews that ensure your staff has the skill levels necessary to do their jobs.
- We understand that ongoing nursing education helps to improve the quality of patient care and employee morale while empowering staff to deliver care consistent with current standards of practice and government guidelines.
- That's why we offer a variety of courses and programs designed to help nurses learn and continue to grow professionally.
- Medline offers a comprehensive array of traditional wound care products to meet the full range of our customers' needs. We are one of the largest Providers of wound care products in the country.
- To ensure the highest standards of quality, all Medline brand products are manufactured in factories that follow FDA Quality System Regulations.
- All of our sterile gauze products are also produced to meet USP Type VII regulations.
- We are proud to offer one of the largest selections of latex-free products.

We manufacture 70 percent of the products we sell and have 30 distribution sites strategically located countrywide.

As a result, we can serve 98.2 percent of the marketplace within two days.

# Woven Gauze Sponges

## The best for traditional wound care

These 100% cotton sponges are ideal for wound dressings, wound packing and general wound care. Our strictly controlled manufacturing process assures clean, debris-free packing with folded edges to prevent unraveling. Sterile 2's are packed in coated paper envelopes to reduce fiber debris. This easy-open envelope is also carefully sealed to prevent the intrusion of dust and contaminants. Sterile 10's feature strong rigid trays. Also available in non-sterile bulk packs. Latex-Free.

**Our deluxe line of non-woven sponges**

# Avant Gauze®

Medline has a complete line of non-woven gauze sponges. Constructed from a blend of rayon and polyester, these sponges offer unique benefits compared to traditional cotton gauze:

- low linting
- increased absorbency
- fast wicking
- economical
- less traumatic to granulating tissue

## Avant Deluxe™ Gauze

This is our deluxe line of non-woven sponges that are a unique rayon and polyester blend to provide strength and absorbency. The increased material weight helps to provide a more efficient sponge than our traditional Avant line by reducing the number of sponges that have to be used for each procedure. These non-woven sponges provide increased wicking ability as well as less lint versus the traditional woven sponges. Latex-Free.

## Avant Gauze® Non-Woven Sponge

### Non-woven dressing

Avant Gauze is Medline's standard non-woven dressing. Compared to traditional cotton gauze, Avant Gauze produces less lint and is less traumatic to fragile granulating wound tissue because it's virtually non-adherent. It also has significantly faster wicking ability which promotes a healthy healing environment. Discover the perfect balance between strength and absorbency in this rayon/polyester blend gauze. Latex-Free.

## Avant Gauze® Drain Sponge

### Special fenestration for easy application

This sponge features an extra fenestration which allows it to lay flat when wrapped around a drainage tube. Without it, the sponge will pucker, decreasing effectiveness by allowing fluids to pool around the drain tube. It's a simple feature that most other drain sponges do not offer. Includes all the benefits of non-woven Avant Gauze. Each 6-ply rayon/polyester sponge is highly absorbent, low-linting and fast wicking to wound beds. Latex-Free.

**NON21450** 5" x 9" Sterile ABD Pads

## Abdominal (ABD) Pads

**Features extra absorbency and wicking**

Medline's super absorbent abdominal pads feature a soft non-woven outer layer that quickly wicks fluid to a cellulose center. This thick layer of cellulose quickly absorbs and disperses fluids laterally to prevent pooling. Hydrophobic back impedes strike-through and all edges are sealed to prevent linting. Latex-Free.

# Impregnated Gauze

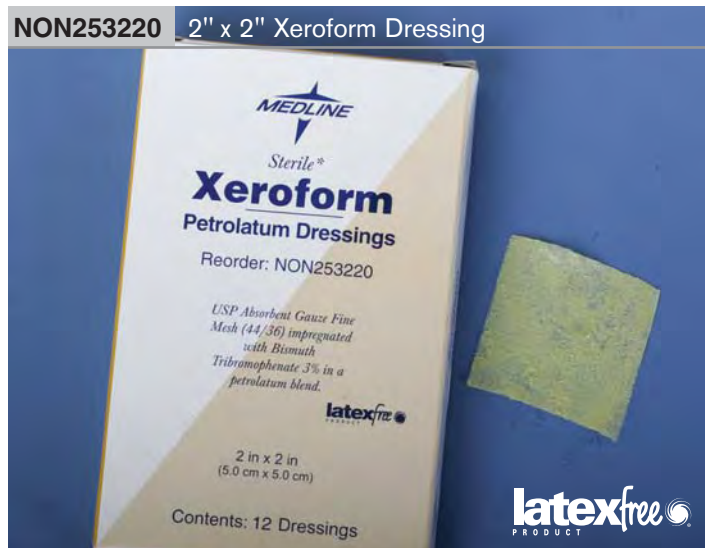

## Petrolatum Gauze Dressing

An effective, non-adherent primary dressing that maintains a moist wound bed for autolytic healing. U.S.P. cotton gauze is evenly impregnated with U.S.P. white petrolatum to create a soothing, conforming dressing that won't stick to the wound site. Ideal for use on non-draining wounds including tube sites, stomas, skin grafts, circumcision, burns, umbilical bandage, non-infected wounds, pressure ulcers (stage 2-4), fistulas or abrasions. Latex-Free.

## Oil Emulsion Dressing, Non-Occlusive

### Compare to Adaptic®\* Non-Adhering Dressing

Knitted, high porosity cellulose acetate is evenly impregnated with U.S.P. white petrolatum in an emulsion blend that permits the flow of exudates without adhering to granulating tissue and minimizes skin maceration. Highly conformable dressing is ideal for most draining wounds including burns, suture lines, lacerations, skin ulcers, episiotomy incisions and abrasions. To be used directly on the wound, beneath an absorbent secondary dressing. Latex-Free.

Children will adore the smiling bumble bees, soccer playing dogs and snorkeling fish featured on the new Medtoons Cartoon adhesive bandage. Each box includes 50 strips (25 strips each of yellow, and blue) constructed from PVC-free vinyl perforated for increased moisture vapor transmission. An absorbent, non-adherent island pad seals around the wound site to keep out dirt and helps protect granulating tissue. The pressure sensitive, acrylic adhesive is skin friendly and provides long lasting protection. Presented in a convenient dispenser box. Latex-Free.
