LIGHTWEIGHT

Light trays, small linen packs, small medical devices, and small instruments.

REGULAR

Packs, light basin sets, instruments, medical devices, linen packs, and trays.

MEDIUM

Large packs, large medical devices, basin sets, and instrument trays.

HEAVYWEIGHT

Heavy instrument sets and multiple basin sets.

SUPER HEAVYWEIGHT

Very large and heavy instrument sets that require extra strength.

Gemini sterilization wrap offers you a choice of fabric weights that all share several important benefits.

MADE WITH SMS FABRIC

Gemini offers high-level protection against fluid and particles.

DRAPEABLE

Gemini wrap is very soft and easy to fold, making it simple to work with.

STRONGER

Gemini wrap is resistant to tears and punctures.

LOW LINTING

Gemini wrap is naturally low linting to help maintain the integrity of the sterile packs.

BETTER ADHESION PROPERTIES

The surface is friendly to sterilization tape.

ONE-PLY, YOUR CHOICE

With Gemini wrap, you have a choice. Fold two wraps at the same time, or sequentially. It's your choice.
