Re: Mouthpiece Nebulizer (Model HCSKN932008)

Dear Mr. Gauer:

Based on a SADMERC initiated re-review of the documentation previously submitted for the above listed product(s), it was determined by the SADMERC that the product is included in the Administration Set. The Statistical Analysis Durable Medical Equipment Regional Carrier (SADMERC) has re-reviewed the documentation and information submitted for HCPCS Coding. The SADMERC conducts re-reviews of products to determine the correct HCPCS code(s) of DMEPOS product(s) for Medicare billing.

It is our determination that the Medicare HCPCS code(s) to bill the four Durable Medical Equipment Regional Carriers (DMERCs) is/are:

A7003 Administration set, with small volume nonfiltered pneumatic nebulizer, disposable.

This HCPCS coding decision applies to the submitted product(s) as presented to and reviewed by the SADMERC. Any modifications to the product(s) could change the HCPCS code and would need to be reviewed for coding verification. The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. For questions regarding claim coverage or reimbursement please contact your regional DMERC.

Should you disagree with this coding decision, a re-review of the product(s) can be initiated. The SADMERC will provide a re-review if the request is made within 45 days of the date of this letter and additional documentation is provided supporting the request. If a request for a re-review is made after 45 days, the request is treated as a new Coding Verification Review and a complete application must be submitted along with the additional documentation supporting the request.
