Medline's Insignia Stainless Steel Stethoscopes offer unsurpassed quality and value

- Each Insignia Stethoscope is handcrafted from high tensile strength German stainless steel. Features 22" tubing.
- The color coordinated non-chill rings provide excellent patient comfort.
- All models come in a foam-lined box with two extra sets of ear tips and one extra diaphragm.
- Available in adult, pediatric, neonatal, and cardiology styles.
- Cardiology Stethoscope has a deep, cone-shaped bell — a unique feature which provides excellent sound transmission and acoustic sensitivity. Features 17" tubing.

The Teaching/Training Stethoscope is designed for multi-function teaching applications.

- The dual head design offers the necessary flexibility to use this scope in all clinical and educational conditions.
- Comes complete with two binaurals, two pieces of Y-tubing, and an extension tube.

Item #	Description	Pkg.
MDS9750	Teaching/Training Stethoscope	ea

The Signature Electronic Stethoscope is equipped with a built-in computer chip.

Through this chip, aphonic and resonance effects are eliminated, and audio frequency can be divided into three selective modes; Standard Bell, Diaphragm, and Extended Diaphragm.

- Electronic amplifying system adjusts for eight different volume levels.
- Automatically starts in the sound collection mode and volume mode.
- Auto shut-off saves the battery life after two minutes of non-use.
- Adjustable binaural to ensure maximum ear comfort.
- Includes batteries.
- Three-year limited warranty.

Item #	Description	Pkg.

MDS9543	Disposable Stethoscope	ea

Our Best Selling Sphygmomanometer.

Our finest handheld aneroid, the Nite-Shift Premier, has a luminescent dial that facilitates reading over a wide range of lighting conditions.

- Durable zinc-alloy shell protects precision aneroid mechanism.
- Shatter resistant acrylic faceplate surrounds the luminescent dial.
- Field adjustable for long-term accuracy.

Item #	Description	Pkg.
MDS9410	Adult	ea
MDS9411	Child	ea
MDS9413	Large Adult	ea

MDS9410

The Difference in Materials:

Latex is a natural rubber compound product which may cause allergic reactions. Life expectancy of the rubber is much longer than PVC or Neoprene, up to three times longer life.

Neoprene is orange and Latex-Free. Neoprene is the longest lasting latex-free product currently on the market.

PVC is black and Latex-Free. PVC is less expensive, however, has the shortest life-span of the three materials – See pgs. 11-14 for replacement parts.

The Latex-Free Handheld Aneroid's lightweight design and portability make it a popular handheld unit.

- No-stop pin action allows a visual calibration check, ensuring accuracy.
- Nylon rangefinder cuff provides quick, convenient patient fitting.
- Latex-Free construction.
- Field adjustable for long-term accuracy.

PVC

FOR HOME USE

Simple and convenient

MDS9301

Medline's Home Blood Pressure Kits feature D-ring cuffs to simplify home use

- Both units feature an easy-to-read aneroid gauge, complete instructions, recording chart, and carrying case.
- MDS9301 features an attached stethoscope while the two-person MDS9300 features a separate single-head stethoscope.

Ideal for home use.

Item #	Description	Pkg.
MDS9300	With detached stethoscope	ea
MDS9301	With attached stethoscope	ea

Stringent Quality Standards

Medline's stringent quality standards ensure an accurate blood pressure reading from patient to patient.

Our gauges are put through a rigorous gauge life test which consists of 30,000 full inflation/deflation cycles. After the Gauge Life Test, our gauges are meticulously checked for calibration. We test at standards higher than the government's ± 4 mmHg standard. Our gauge must pass a standard of ± 3 mmHg at not only one but five different test points of 290, 240, 180, 120 and 60 mmHg before they ship to you.

The extensive testing we do on our products exhibits the total commitment we have to providing quality products to our customers.

MDS9114

The Compli-Mate Aneroid Sphygmomanometers are designed for many years of reliable service.

- Designer-colored cuffs offer a choice of vibrant colors.
- Comes complete with oversized matching nylon carrying case which allows the user to carry additional items.

latexfree All Medline Single Patient Use Cuffs are Latex-Free!

Medline's Single Patient Use Cuffs are made from a soft, comfortable woven polyester fabric in clean hospital white. Each cuff has rounded corners and finished edges for optimal patient comfort.

Genuine Velcro® closures ensure a lasting and snug fit for every patient. Cuffs come in a wide range of infant to adult sizes, each color-coded for convenience. A complete line of connectors and adapters connect cuffs to virtually every non-invasive blood pressure monitor. All sizes meet the American Heart Association recommendations for accuracy.

Single Patient Use Two-Tube Cuff

- * Insert appropriate letter code to specify the type of unit you need the connector for:
- DM** - Recommended for GE (Critikon/Dinamap), CAS, Criticare, MDE, Welch Allyn, and InVivo Research (Omega) units.
 - HP** - Recommended for Phillips (Agilent/HP), Criticare, Datascope, Newer Spacelabs (Instrumentarium) and Siemens units.
 - SL** - Recommended for Older Spacelabs (Instrumentarium), Datascope, Drager, Fukuda Denshi, BCI, Colin, Welch Allyn or Nihon Kohden units.
 - MQ** - Recommended for GE (Marquette) and Welch Allyn units.

Note:

- 1) Vinyl fabric available on most single-patient cuffs. Soft, comfortable cuffs will be delivered with orders unless a "V" follows the connector type code.
- 2) Yellow vinyl cuffs are available in select sizes for isolation areas.

***Longs available
Add "L" after connector type code

Cuff Ranges

Infant	08-14cm
Child	13-20cm
Small Adult	18-26cm
Adult	26-35cm
Adult Long	29-38cm
Large Adult	32-42cm
Large Adult Long	35-44cm
Thigh	42-50cm

Single Patient Use Neonatal Cuffs

Medline's Neonatal cuff is available in sizes from 3cm to 15cm with your choice of one turn or two. The cuffs are soft with a velcro closure and are latex free.

Pressure Infusors

Our complete line of pressure infusors is designed for invasive blood pressure monitoring, rapid infusion of liquids and for use with auto transfusion devices.

The reusable infusor is manufactured from durable 200 denier nylon for long life and easy cleaning. The disposable infusors are made from white nylon with clear sleeve material for easy visualization of fluid. The "800" series feature a dial-type gauge while the "900" series feature a piston-type gauge.

AED External Defibrillator

Also available fully automated, AED Kit AED9300AUTOCC Cardiac Science PowerHeart® AED G3 Automated External Defibrillator with voice prompts and text screen displays guide you through the rescue process. When cardiac arrest occurs, every second counts. The advantage of the PowerHeart AED G3 is that it may be used by anyone who has received basic training on its operation. Electrodes are pre-connected and disposable. Semi-automatic defibrillator with biphasic variable waveform delivers an effective shock in less than 55 seconds. Daily, weekly, and monthly automated self-checks ensure that PowerHeart is always ready to go. Internal memory holds 60 minutes of ECG data. Includes one pair of defibrillation electrodes, instructional CD-ROM and training video, RescueLink and MDLink software and serial communication cable. Seven-year warranty on device & four-year full replacement on battery.

INRatio PT/INR Monitoring System

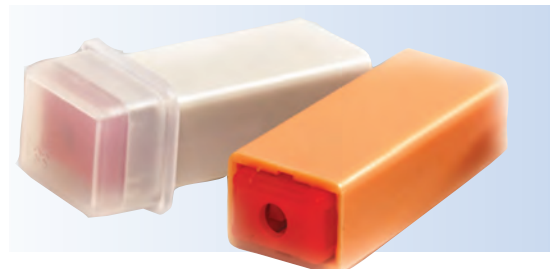

INRatio PT/INR Monitoring System offers confidence in PT/INR results and convenience at the point of care.

Additional features include:

- Two levels of quantitative quality controls that are performed and displayed with every test
- Individually wrapped test strips that do not require refrigeration
- Simple fingerstick test procedure that requires only 15µl of blood
- Self-maintaining system requires only routine cleaning
- Performs automatic electronic self-tests
- Large easy-to-read screen and easy interface
- Powered by AC adapter or 4 AA batteries
- Memory stores up to 60 test results
- Built-in port for printer communication
- Recombinant thromboplastin with a low ISI

Medline Optium Glucose Monitoring System

Medline Optium test strips have been designed to prevent inaccurate tests and test strip wastage caused by interferences from many common substances* and/or application of an inadequate sample volume. Application of inadequate blood samples in some blood glucose monitoring systems can potentially lead to erroneous results or error messages which means wasted test strips. A unique fill trigger prevents the test from starting until an adequate blood sample is applied. Simply add more sample and the MediSense Optium meter produces a result, without compromising accuracy. With a 450 result memory, downloading feature and large easy-to-read display, the Optium system can handle all your blood glucose testing needs.

Item #	Description	Pkg.

Digital Thermometers

Our digital thermometers provide accurate temperatures in about 60 sec.

- Large LCD screen for easy readings.
- Simple push-button start.
- Disposable sheaths allow for sanitary oral, rectal, or axillary use.

Item #	Description	Pkg.
MDS9650	Oral, Premier Oral °F & °C	ea
MDS9652	Rectal, Premier Rectal °F	ea
MDS9654B	Oral, Standard Oral °F	200/cs
MDS9628	Oral Kit w/20 Sheaths °F	ea
MDS9629	Rectal Kit w/20 Sheaths °F	ea
MDS9607	Oral Sheaths	100/bx
MDS9608	Rectal Sheaths	100/bx

Large Digital Display

2-AAA Batteries included

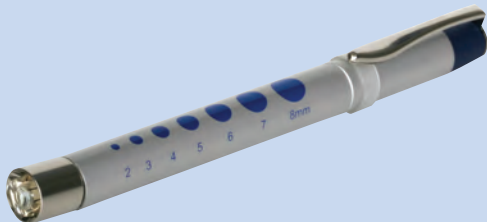

Six Seconds*, Temple Digital Thermometer

The NEW Medline Instant Read* Digital Temple Thermometer accurately measures body heat using Patented R.A.T.E.™ technology (Rapid, Accurate, Temperature, Establishment).

- Sensors rapidly track heat flow generated from blood vessels to the skins surface and convert measurements to body temperature.
- Easy-to-use while asleep or awake.
- Meets accuracy standards.
- Large digital display.
- Switchable from Fahrenheit to Celsius.
- Beeps when ready.
- Memory stores previous reading.

Item No.	Description	Pkg.
MDS9698	Temple Thermometer	ea
MDS9698CS	Temple Thermometer	12 ea/cs
MDS9699	Probe Covers,	250ea/bx
MDS9699CS	Probe Covers,	4 bx/cs, 250 ea/bx, 1000 ea/cs

*Six-ten seconds reading

New!

Reusable Penlight

A combination penlight and pupil gauge! The pupil sizes are imprinted on the side of the pen for easy reference. Sizes range from 2mm- 8 mm. Requires 2-AAA batteries (included).

Item #	Description	Pkg.
MDS131030	Reusable Penlight with Pupil Gauge,100	ea/bx

Disposable Penlights

Lightweight and disposable, these high-intensity exam lights are perfect for the physician, nurse, and EMT. They're constructed of high-impact molded styrene and can be clipped on pockets.

Item #	Description	Pkg.
MDS131020	Disposable Penlight, White	6/pk

Welch Allyn Suretemp Model 690

The SureTemp® Plus 690 Thermometer delivers oral results in just four seconds! This electronic thermometer is easy to use, compact and dependable. It delivers oral results in four seconds, axillary temperatures (for children under four) in 10 seconds and rectal temperatures in 10 seconds with the use of an optional, interchangeable probe. Large LCD display features Fahrenheit or Celsius readouts and last temperature recall. This affordable thermometer is ideal for alternate care environments. Three 1.5V AA batteries provide 6000 readings. Automatic probe cover ejection; Two-year limited warranty.

Item #	Description	Pkg.
W-A01690200	Oral/Axillary Thermometer	ea
W-A02892000	Rectal Probe	ea
W-A5031101	Disposable Probe Covers	1000/cs

Thermoscan® Thermometers

The NEW Braun Thermoscan Pro 4000 Thermometer patented technology is an ergonomically designed ear thermometer engineered to take temperatures easily and accurately with the click of a button.

- Exclusive ExacTemp technology provides an active user feedback light that signals that the probe has positioned in a stable way throughout the measurement, avoiding inaccurate measurements by handling errors
- Preheated probe tip minimizes the cooldown effect experienced when taking repeat temperatures, improving accuracy and repeatability
- Automatic probe cover eject button for quick and easy removal of used probe covers
- Built-in cross-contamination safeguards – probe cover sensor reminds operator to use a new probe cover
- Wide range of patient temperature – 68°F-108°F patient range allows for rescue of intensive care
- Wide range of ambient temperature – 50°F-104°F ambient range allows for use in most environments
- Durable – tested for damage resistance
- Convenient wall-holder for Pro 4000 unit w/probe cover storage is available
- Three-year limited warranty coverage

Item #	Description	Pkg.
TMS40002	Thermoscan PRO 4000	ea
TMSPC800	Probe Covers	40 bx/cs

TMS40002

Exergen Temporal Thermometer

Precision infrared scanner provides a truly non-invasive method for measuring temperature. Simply scan across the temporal artery area of the forehead, touch behind the earlobe, and an accurate reproducible temperature is measured in about three seconds.

- Convenient one-handed operation
- Completely non-invasive
- Stainless steel probe for highest durability
- Easy snap-on probe caps
- Three-year warranty

Item #	Description	Pkg.
EXGTAT5000	Infrared Temporal Artery Thermometer	ea
EXG134203	Disposable Probe Caps	1000 ea/cs

Digital Blood Pressure Unit - Manual Inflate

Manually inflated digital blood pressure units have the convenience of a large, digital readout. Also provides accurate and reliable readings.

- Manual inflation
- Auto pulse readings
- Memory
- Large digital readout
- Operates on four-AA batteries

Item #	Description	Pkg.
MDS2002	Manual Inflation w/Std Adult Cuff (fits arms 22-30cm)	ea
MDS2002LA	Manual Inflation w/Lrg Adult Cuff (fits arms 30-38cm)	ea

Automatic Digital Blood Pressure Unit

Our revolutionary automatic digital blood pressure units have automatic inflation and error detection thanks to the proprietary "fuzzy logic" programming. The easy one-button design provides accurate and reliable readings.

- "Fuzzy logic" circuitry allows this unit to customize inflation levels for individual patients
- Eight-bit processor provides unsurpassed accuracy
- Auto pulse readings
- Memory
- Large digital readout
- Operates on four-AA batteries

Item #	Description	Pkg.
MDS2001	Automatic Inflation w/Std Adult Cuff (fits arms 22-30cm)	ea
MDS2001LA	Automatic Inflation w/Lrg Adult Cuff (fits arms 30-38cm)	ea
