### MEDLINE

Medline Industries, Inc. is the largest privately held national manufacturer and distributor of medical supplies and equipment in the U.S.A. We've been servicing the health care industry for more than 30 years and our growth in wound care has been dramatic.

### ORDER WITH CONFIDENCE

With over 700 professional Sales Representatives throughout the U.S., you have an on-site partner to provide solutions. Medline has 23 distribution centers around North America that provide an unmatched 99% service level for Traditional Wound Care products, including all surgical tapes, Medi-Strip™ wound closure strips, and Co-Flex NL™ self-adherent wraps.

Cloth "Silk" Surgical Tape

**New Formulation**

## Cloth "Silk" Surgical Tape

\* Compare to 3M™ "Durapore™"

### Cloth "Silk" Surgical Tape

Item No.	Description	Pkg
NON260112	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260101	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260102	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260103	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Single Use Rolls

NON260101S	1" x 1.5 yds	100 rl/bx, 5 bx/cs, 500 rl/cs
NON260102S	2" x 1.5 yds	50 rl/bx, 5 bx/cs, 250 rl/cs

### Applications for use:

- Ideal for bulky dressings that require high conformability.
- Post-operative surgical dressings.

- Strong woven rayon/acetate backing provides high tensile strength for confident securement of dressings and devices.
- Easy and clean bi-lateral hand tear quickly customizes sizes.
- Pinked edges reduce fraying when tearing.
- Hypoallergenic.

### Discover Our Reformulated Cloth Tape

Water Repellent	Try it yourself! Water beads on the Medline Cloth Tape. Dressings stay on longer even when exposed to moisture.
Moisture Vapor Transmission	140% greater rate of moisture readily pass through the tape to improve adhesion durability and help prevent skin maceration.
Adhesive Weight	23% reduction in adhesive weight provides a stronger adhesion level with less adhesive mass.
Unwind Tension	75% lower rate of unwind throughout the entire roll makes this easier to use, and helps contribute to a longer shelf life.

Comparisons quoted reflect the improvements made to the Cloth Tape Formulation vs. the previous formula.

## Paper Surgical Tape

latexfree  
PRODUCT

\* Compare to 3M™ "Micropore™"

### Paper Tape:

Item No.	Description	Pkg
NON260012	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260001	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260002	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260003	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Single Use Rolls:

NON260001S	1" x 1.5 yds	100 rl/bx, 5 bx/cs, 500 rl/cs
NON260002S	2" x 1.5 yds	50 rl/bx, 5 bx/cs, 250 rl/cs

### Dispenser Pack:

NON260012D	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260001D	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260002D	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260003D	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Applications for use:

- Secures dressings, tubes, lines and I.V. catheters.

- Gentle adhesion is ideal for general use, pediatric patients, geriatric patients and where frequent re-taping is required.
- Hypoallergenic, breathable tape allows for air and moisture vapor transmission, which helps prevent skin maceration.
- Highly conformable due to exceptional flexibility of backing material.
- Consistently low unwind tension.
- Holds well on damp skin.
- **NEW!** Tan colored Paper Tape also available.

### **NEW!** Tan Paper Tape:

Item No.	Description	Pkg
NON260012T	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260001T	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260002T	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs

# Transparent Surgical Tape

\* Compare to 3M™ "Transpore"

**Applications for use:**

- Secures dressings, tubes, lines and I.V. catheters.

- Enhanced perforated pattern provides custom tearability and transmission of moisture and air through the tape backing.
- Low unwind tension for ease of removal from the roll.
- Easy to write on and easy to clean.
- Conforms to skin and flexes with the body for comfort.
- A low profile backing material is more comfortable and is less prone to snagging.
- Hypoallergenic.

### Transparent Tape:

Item No.	Description	Pkg
NON260212	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260201	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260202	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260203	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Single Use Rolls:

NON260201S	1" x 1.5 yds	100 rl/bx, 5 bx/cs, 500 rl/cs
NON260202S	2" x 1.5 yds	50 rl/bx, 5 bx/cs, 250 rl/cs

**Excellent Visibility**

Exceptionally clear backing material allows for easier viewing of the wound site, monitoring of skin condition and healing progress without removing the tape.

## Waterproof Tape

### Waterproof Tape:

Item No.	Description	Pkg
NON260512	½" x 10 yds	24 rolls/bx, 12 bx/cs, 288 rl/cs
NON260501	1" x 10 yds	12 rolls/bx, 12 bx/cs, 144 rl/cs
NON260502	2" x 10 yds	6 rolls/bx, 12 bx/cs, 72 rl/cs
NON260503	3" x 10 yds	4 rolls/bx, 12 bx/cs, 48 rl/cs

### Applications for use:

- Ideal for general taping needs and outpatient use.
- Bandage wraps, windowed casts, picture frame ostomy flanges, and protect dressings.
- Waterproof, oil resistant and easy to write on.
- Cotton cloth backing with polyethylene coating provides high tensile strength and will not permit moisture to penetrate to skin or dressing
- Strong latex-free adhesive is durable and holds securely.

## Elastic Adhesive Bandage

### Elastic Adhesive Bandage:

Item No.	Description	Pkg
NON260401	1" x 5 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260402	2" x 5 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260403	3" x 5 yds	4 rl/bx, 12 bx/cs, 48 rl/cs
NON260404	4" x 5 yds	6 rl/bx, 6 bx/cs, 36 rl/cs

### Applications for use:

- Controls and reduces post-injury edema by providing firm support and compression.
- Ideal for dynamic/pressure dressings requiring elasticity, support strapping, fractures and muscle injuries.
- 100% cotton elastic cloth tape backing provides high tensile strength.
- Strong rubber-based adhesive permits body movement without loosening of tape.
- Porous construction maintains skin integrity and permits moisture vapor transmission.
- Contains Latex

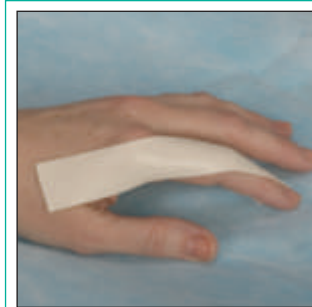

## Elastic Foam Tape

\* Compare to 3M™ "Micropore™"

### Foam Tape Reorder:

Item No.	Description	Pkg
NON260601	1" x 5.5 yds	12 rl/bx, 6 bx/cs, 72 rl/cs
NON260602	2" x 5.5 yds	6 rl/bx, 6 bx/cs, 36 rl/cs
NON260603	3" x 5.5 yds	4 rl/bx, 6 bx/cs, 24 rl/cs
NON260604	4" x 5.5 yds	3 rl/bx, 6 bx/cs, 18 rl/cs

### Applications for use:

- Affix compression dressings to aid hemostasis or control edema (e.g. breast biopsies, thoracic and abdominal surgical dressings)
- Ideal for securing dressings on difficult to tape areas such as knees, elbows, shoulders, hips and fingers.

- Highly conformable, multi-directional stretch promotes patient comfort and accommodates swelling.
- Moderate adhesion secures dressings over challenging areas and can be used to provide compression applications.
- Smooth, cushioned elastic foam backing protects wound site and dressings.
- Water resistant for greater durability.
- Latex free adhesive and backing leave minimal skin residue.

## Cotton Adhesive Tape

\* Compare to 3M™ "Cloth Adhesive Tape"

### Cotton Adhesive Tape Reorder:

Item No.	Description	Pkg
NON260712	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260701	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260702	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260703	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Applications for use:

- Ideal for positioning body parts, finger splints stabilization, immobilizing digits, or securing tubing.

- Strong, 100% cotton woven backing is durable with high tensile strength.
- High long-term adhesion for confident securement of dressings and tubing.
- Convenient hand tear to customize length and width.
- Latex free adhesive with minimal residue.

## Ortho-Porous Sports Tape

### Ortho-Porous Sports Tape:

Item No.	Description	Pkg
NON260312	½" x 10 yds	24 rl/bx, 12 bx/cs, 288 rl/cs
NON260301	1" x 10 yds	12 rl/bx, 12 bx/cs, 144 rl/cs
NON260315	1½" x 10 yds	8 rl/bx, 12 bx/cs, 96 rl/cs
NON260302	2" x 10 yds	6 rl/bx, 12 bx/cs, 72 rl/cs
NON260303	3" x 10 yds	4 rl/bx, 12 bx/cs, 48 rl/cs

### Applications for use:

- Athletics, immobilization (sprains, strains), rehabilitation, support strapping, patient positioning and restraints.

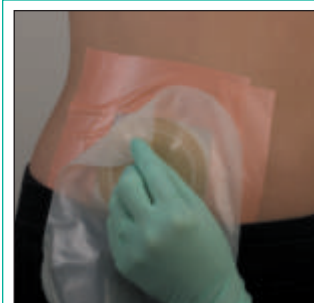

- Strong woven cotton backing provides high tensile strength and support to highly active patients.
- Powerful rubber-based adhesive is designed for long lasting adhesion with minimal residue.
- Highly porous construction allows the skin to breathe and permits moisture vapor transmission.
- Consistent low unwind tension throughout the roll for ease of use.
- Contains latex.

## Megazinc Pink Adhesive Tape

### Megazinc Pink Tape

Item No.	Description	Pkg
OMAM55CS	½" x 5 yds	1 rl/bx, 36 bx/cs, 36 rl/cs
OMAM111CS	1" x 5 yds	1 rl/bx, 36 bx/cs, 36 rl/cs
OMAM222CS	2" x 5 yds	1 rl/bx, 36 bx/cs, 36 rl/cs
OMAM55	½" X 5 yds	1 rl/bx
OMAM111	1" X 5 yds	1 rl/bx
OMAM222	2" X 5 yds	1 rl/bx

### Applications for use:

- Secures tubes (endotracheal, gastrostomy, nasogastric), epidurals, ostomy, patch testing, IV's and, electrodes.

- Zinc oxide-based adhesive is gentle to sensitive skin.
- Remains intact when wet or washed.
- Easy-tear edges.
- Conformability and flexibility allow for ease of application.
- Easy, painless removal.
- Contraindicated for radiated skin.

## Medfix and Medfix EZ Dressing Retention Sheet

\* Compare to 3M "Medipore H™ Soft Cloth Surgical Tape"

### Medfix Dressing Retention Sheet:

Item No.	Description	Pkg
MSC4002	2" x 11 yds	1 rl/bx
MSC4004	4" x 11 yds	1 rl/bx
MSC4006	6" x 11 yds	1 rl/bx

### Medfix EZ Dressing Retention Roll:

Item No.	Description	Pkg
MSC4102	2" x 11 yds	12 rl/bx
MSC4104	4" x 11 yds	12 rl/bx
MSC4106	6" x 11 yds	12 rl/bx
MSC4122	2" x 2 yds	12 rl/bx
MSC4124	4" x 2 yds	12 rl/bx
MSC4126	6" x 2 yds	12 rl/bx

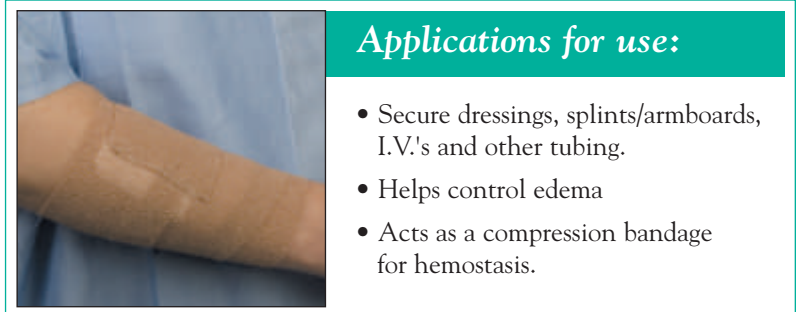

### Applications for use:

- Ideal for securing primary dressings, gauze, foams, gel wafers, gastrostomy and other feeding tubes.
- Low sensitivity adhesive for gentle but secure adhesion on fragile skin.
- Medfix Dressing Retention Sheet has printed s-curve release liner makes it easy to measure the desired length, liner removes cleanly and easily.
- Medfix EZ is linerless for faster application and perforated every two inches for easy tearing of desired length.
- Water resistant and acts as an excellent secondary dressing for gauze, foams, gels, etc.
- Hypoallergenic and latex free.

# Co-Flex™ Self Adherent Wrap

## Applications for use:

- Secure dressings, splints/armboards, I.V.'s and other tubing.
- Helps control edema
- Acts as a compression bandage for hemostasis.

- Self-adherent, cohesive wrap securely sticks to itself and not to skin or other materials.
- Easily tears by hand for custom lengths. No need for scissors.
- Porous construction allows ventilation of the wrapped area.
- Retains dressings without tension around digits or limbs.
- Available sterile/non-sterile and with/without latex.
- Each bandage is individually wrapped.

\* Compare to 3M™ "Coban™"

### Co-Flex NL™ Reorder:

Item No.	Description	Pkg
<i>Sterile, Latex Free</i>

MDS086004	4" x 5 yds stretched, beige	18 rolls/cs
MDS086006	6" x 5 yds stretched, beige	12 rolls/cs

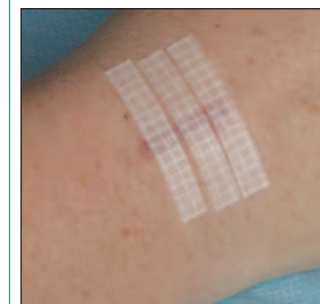

# Medi-Strips Wound Closure Strips

\* Compare to 3M™ "Steri-Strips™"

## Medi-Strips® Wound Closure Strips:

Item No.	Description	Pkg
<i>Sterile</i>		
NON250318	1/8" x 3"	5/pk, 50 pk/bx, 4 bx/cs
NON250114	1/4" x 1 1/2"	6/pk, 50 pk/bx, 4 bx/cs
NON250412	1/2" x 4"	6/pk, 50 pk/bx, 4 bx/cs
NON250314	3/4" x 3"	3/pk, 50 pk/bx, 4 bx/cs
NON250414	1" x 4"	10/pk, 50 pk/bx, 4 bx/cs
NON250501	1 1/2" x 5"	4/pk, 25 pk/bx, 4 bx/cs

### Applications for use:

- Primary wound/skin closures including lacerations and surgical incisions.
- Procedures where larger incisions need surface skin closure such as cardio-thoracic and orthopedic.
- When early staple or suture removal is desired.
- Constructed of exceptionally porous spun-bond fiber backing to help reduce skin maceration.
- Bi-directional reinforcing nylon filaments provide excellent tensile strength for confident placement and securement especially on large skin surface closures.
- Hypoallergenic and latex-free.
- No skin tackifiers or adhesive enhancers required.
- Perforated card allows for easy delivery of curl resistant strips on clean, dry skin.
- Contraindicated on high tension wounds.

# Elastic Net Dressing

The Tape Alternative

latexfree  
PRODUCT

## Elastic Net Dressing:

Item No.	Size	Application	Max. Stretch Width
NONNET01	1	Small finger, toe	6"
NONNET02	2	Adult finger, toe	7 $\frac{1}{8}$ "
NONNET03	3	Hand, multiple fingers lower arm, wrist, ankle	9 $\frac{1}{8}$ "
NONNET04	4	Large hand, foot, upper arm, elbow	11 $\frac{1}{8}$ "
NONNET05	5	Average arm, small leg knee, amputations	12 $\frac{3}{8}$ "
NONNET06	6	Medium/large leg amputations intravenous/armboard	24"
NONNET07	7	Average head, cranium, ears, face, neck	28 $\frac{3}{8}$ "
NONNET08	8	Large leg, cranium, ears, face, neck	31 $\frac{1}{8}$ "
NONNET09	9	Adult chest, abdomen, breast, shoulder	35"
NONNET10	10	Large chest, abdomen, breast, shoulder	36 $\frac{1}{8}$ "
NONNET11	11	XX-large chest, abdomen, breast, shoulder	40"

## Applications for use:

- Ideal for fragile, geriatric, and pediatric skin.
- Hard to tape areas subject to movement.
- Secures dressings on areas where tape removal would be difficult or cause pain.
- Rayon/polyester knitted elastic net tube holds dressings firmly in place without damaging skin.
- Soft open weave does not constrict and is low linting.
- Allows frequent inspection and redressing without adhesive.
- Accommodates virtually every part of the body, from a finger to a XX-large torso.
- Easily cut to customize sizes.
- All sizes are 25 yards stretched length, 1 roll per box.

## Designing to Standards

To ensure the highest standards of quality, all Medline tapes are designed and manufactured using quality-controlled professional metrics. These standards have an important role and are incorporated at every stage; scientists and technicians use them in their laboratories; designers use them in their plans; and quality engineers measure them in inspections. All surgical tapes continually undergo rigorous testing, analysis and quality trials to refine and perfect the product. Through this Medline is able to provide improved products that consistently meet your needs for adhesion, strength, conformability, flexibility and maintenance of skin health.

Tests include:

- Test Method of Weight per Unit Area (Unit: g/m<sup>2</sup>) assesses adhesive mass which creates uniform adhesive distribution
- Test Method of Air Permeability (Unit: cm<sup>3</sup>/cm<sup>2</sup>s) rates air transmission through tape
- Test Method of Water Vapor Permeability (Unit: g/m<sup>2</sup>/24 hrs.) rates moisture transmission through tape
- Test Method of Ball Tack (Unit: cm) assesses correct level of adhesion
- Test Method of Tensile Strength (Unit: N/2.5 cm) measures tensile strength of tape
- Test Method of Elongation at Break % (Unit: N/2.5 cm) assesses flexibility and stretch that contribute to conformability
- Test Method of Unwinding (Unit: N/width of sample, cm) force required to remove tape from roll
- Test Method of Adhesion on Backing (Unit: N/cm) measures correct level of adhesion on backing
- Test Method of Adhesion on Steel (Unit: N/cm) measures and compares correct level of adhesion on standardized steel plate
- Biocompatibility tests of skin irritation and dermal sensitization assesses potential skin irritation

### Test Method of Tensile Strength

### Test Method of Water Vapor Permeability

## Traditional Wound Care:

### *Unsurpassed quality in a complete line*

Medline offers a comprehensive array of traditional wound care products to meet the full range of our customers' needs. Medline features one of the largest selections of latex-free products, including adhesive bandages that are both latex-free and PVC-free. For our customers' convenience, the latex-free symbol is indicated even on the lowest unit of measure sold. All Medline brand products are manufactured in factories that rigorously follow FDA Quality Systems Regulations. We invite you to consult one of our more than 700 sales representatives or 50 wound care specialists to review all your wound care needs today.
