

## Medline Micro-Kill™ and Medline Micro-Kill+™

*Hard-Surface Germicidal Wipes –  
Now With and Without Alcohol!*

## Epi-clenz®+

*Hand-Sanitizing Wipes with Moisturizers*

# Medline Micro-Kill™\*

*Most germicidal products have an unpleasant fragrance. With Medline Micro-Kill, you get a great germicidal cleaner with a fresh marine scent.*

**Medline's first alcohol-free, bleach-free wipe effective against TB!**

**Medline Micro-Kill is effective against the following common organisms within a 10-minute contact time:**

*Escherichia coli* • *Pseudomonas aeruginosa* • *Staphylococcus aureus* •  
Methicillin-resistant *Staphylococcus aureus* (MRSA) •  
Vancomycin-intermediate/resistant *Staphylococcus aureus* •  
*Mycobacterium bovis* BCG (tuberculosis) • *Salmonella choleraesuis* •  
Vancomycin-resistant *Enterococcus* (VRE) • HIV-1\*\* •  
Norovirus Type 1 • Feline calicivirus

*\*\*Kills at an exposure rate of 2 minutes*

**P**roper cleaning and disinfecting used to mean reaching for three different products – one to clean, one to freshen and one to sanitize. **Medline Micro-Kill** does it all in one wipe – and it's **Medline's first** alcohol-free wipe effective against TB! Wipes are available in three different sizes to best meet your cleaning needs and are an economical choice for your facility.

Tough yet gentle, **Medline Micro-Kill** wipes are intended for hard surfaces. Since they contain no alcohol, they are perfect for use on electrical cords! They're even safe to use around patients on oxygen. Best of all, their cleaning capabilities far exceed those of alcohol-based wipes.

Item No.	Description	Packaging
MSC351201	6" x 6.75", 160 ct, 1.5 L canister	12ea/cs
MSC351221	10" x 10", 60 ct, 1.5 L canister	12ea/cs
MSC351231	7" x 8", 40 ct, smaller canister	12ea/cs

\***Medline Micro-Kill** is not recommended for use on polycarbonate surfaces (it will cause a hazy appearance) or on lacquer-finished surfaces. Spot-testing on an inconspicuous location is recommended before use on plastic or painted surfaces.

# Medline Micro-Kill+™\*

*Need a five-minute  
hard-surface germicidal?  
Try **Medline Micro-Kill+**!*

***A cost-effective, alcohol-based solution for your five-minute germicidal needs!***

**Medline Micro-Kill+ is effective against the following common organisms within a five-minute contact time:**

*Escherichia coli* 0157:H7 • *Pseudomonas aeruginosa* • *Staphylococcus aureus*  
MRSA • *Salmonella choleraesuis* • *Mycobacterium tuberculosis* •  
Vancomycin-resistant *Enterococcus faecalis* (VRE) •  
Trichophyton mentagrophytes (athlete's foot fungus) •  
Herpes simplex virus type 2\*\* • Avian flu\*\* • HIV-1\*\*

*\*\*Kills at an exposure rate of one minute*

**T**hese EPA-registered wipes are available in five sizes – from single-use packets to OR-sized canister wipes – to meet your every germicidal cleanup need.

Alcohol-based **Medline Micro-Kill+** wipes are tough, too. Their fabric stands up to hard-surface scrubbing and contains enough liquid to ensure maximum surface coverage.

Item No.	Description	Packaging
MSC351200	6" x 6.75", 160 ct, 1.5 L canister	12ea/cs
MSC351220	10" x 10", 60 ct, 1.5 L canister	12ea/cs
MSC351230	7" x 10", 50 ct smaller canister	12ea/cs
MSC351240	10" x 14", 42 ct, 1.5 L canister	12ea/cs
MSC351260	10" x 12", individually wrapped	<i>Coming Soon!</i>

\***Medline Micro-Kill+** is not recommended for use on porous surfaces or lacquered surfaces as it might remove the finish. Spot-testing on an inconspicuous location is recommended before use on plastic or painted surfaces.

# Medline Epi-clenz<sup>®</sup>+

*Epi-clenz<sup>+</sup> hand-sanitizing wipes  
are convenient and effective -  
perfect for people on the go!*

***Decrease bacteria on your skin and help prevent cross contamination.***

### **Epi-clenz<sup>+</sup> is an ideal handwash for the following:**

- Helping reduce bacteria that can potentially cause disease
- Before contact with a person under medical care or treatment
- After assisting ill persons
- After changing diapers

Introducing **Epi-clenz<sup>+</sup>** instant hand sanitizing wipes - the newest product offering in this antiseptic Medline brand! Now in a wipe, **Epi-clenz<sup>+</sup>** provides the mechanical action needed to physically remove dirt and reduce bacteria from your hands.

Not only are **Epi-clenz<sup>+</sup>** wipes an easy-to-use antiseptic handwash, they're also gentle on skin and recommended for repeated use. Each wipe is enriched with soothing moisturizers, aloe and vitamin E.
