ITEM # OTC6155 - 16 oz

Antibacterial No-Alcohol Mouth Rinse

- ✓ Over the Counter
- ✓ Patented anti-inflammatory (No Alcohol) formula is effective in controlling plaque build-up and bleeding gums
- ✓ Helps soothe inflamed tissue and provides relief from tissue discomfort
- ✓ Unique blend of chemicals produces quick relief for canker sores, fever blisters, and mouth ulcers
- ✓ This special formula kills the herpes virus that causes cold sores/ fever blisters, easing the pain and inflammation while reducing the healing time.
- ✓ Rehydrates the affected area, putting moisture and oxygen back into the tissue so it can heal faster
- ✓ When used as directed, *Prevention Antibacterial Mouth Rinse* can potentially stop the re-infection of the flu and cold virus in chronically sick individuals
- ✓ *Prevention Antibacterial Mouth Rinse* helps diabetics by stopping and reversing the inflammatory process. Our product balances the bacteria in the mouth, significantly reducing the potential for infection, which diabetics are more susceptible to.
- ✓ The right balance that kills the bad bacteria, fungi, & viruses, without harming the pro-biotics (good bacteria)
- ✓ Freshens breath
