

Traditional Wound Care

*Unsurpassed quality
in a complete line of products...*

brought to you by MEDLINE

Why Medline?

- Medline offers a comprehensive array of traditional wound care products to meet the full range of our customers' needs. We are one of the largest providers of wound care products in the country.
- To ensure the highest standards of quality, all Medline brand products are manufactured in factories that follow FDA Quality System Regulations.
- All of our sterile gauze products are also produced to meet USP Type VII regulations.
- We are proud to offer one of the largest selections of latex-free products, including adhesive bandages that are both latex-free and PVC-free.
- To further ensure customer satisfaction, we offer a 98% fill rate and have product available in our 27 warehouses throughout the country. With over 700 sales representatives and 50 wound care specialists, we are able to meet all of your wound care needs.

Woven Gauze Sponges

The best for traditional wound care

These 100% cotton USP Type VII sponges are ideal for wound dressings, wound packing and general wound care. Our strictly controlled manufacturing process assures clean, debris-free packing with folded edges to prevent unraveling. Sterile 2's are packed in coated paper envelopes to reduce fiber debris. This easy-open envelope is also carefully sealed to prevent the intrusion of dust and contaminants. Sterile 10's feature strong rigid trays. Also available in non-sterile bulk packs.

X-Ray Detectable Woven Gauze Sponges

Low linting, fluffy and highly absorbent, our x-ray detectable sponges are made from 100% cotton and meet USP Type VII Standards. Available in multiple sizes and plies. This product features dual x-ray detectable barium sulfate strands in a unique figure 8 design (for easy detection) layered into the sponges.

NON255000	4" x 4", 16-ply	1/pk 25/bx, 12 bx/cs

Our deluxe line of non-woven sponges

Avant Gauze

Medline has the most complete line of non-woven gauze sponges. Constructed from a blend of rayon and polyester, these sponges offer unique benefits compared to traditional cotton gauze:

- lower linting
- increased absorbency
- faster wicking
- more economical
- less traumatic to granulating tissue

Avant Deluxe Gauze

Compare to J&J Nu-Gauze®

This is our deluxe line of non-woven sponges that are a unique rayon and polyester blend to provide improved strength and absorbency. The increased material weight helps to provide a more efficient sponge than our traditional Avant line by reducing the number of sponges that have to be used for each procedure. These non-woven sponges provide increased wicking ability as well as less lint versus the traditional woven sponges.

NON26223	2" x 2" Non-Sterile Avant Deluxe Gauze
NON21444	4" x 4" Sterile Avant Non-woven Gauze

Avant Gauze® Non-Woven Sponge

Non-woven dressing

Avant Gauze is Medline's standard non-woven dressing. Compared to traditional cotton gauze, Avant Gauze produces less lint and is less traumatic to fragile granulating wound tissue because it's virtually non-adherent. It also has significantly faster wicking ability which promotes a healthier healing environment. Discover the perfect balance between strength and absorbency in this rayon/polyester blend gauze.

Avant Gauze® Drain Sponge

Special fenestration for easy application

This sponge features an extra fenestration which allows it to lay flat when wrapped around a drainage tube. Without it, the sponge will pucker, decreasing effectiveness by allowing fluids to pool around the drain tube. It's a simple feature that most other drain sponges do not offer. Includes all the benefits of non-woven Avant Gauze. Each 6-ply rayon/polyester sponge is highly absorbent, low-linting and fast wicking to wound beds.

Drain Sponges, Sterile 2's

NON25441	4" x 3"	100/sleeve, 20 sleeves/cs, 2000/cs

Abdominal (ABD) Pads

Features extra absorbency and superior wicking

Medline's super absorbent abdominal pads feature a soft non-woven outer layer that quickly wicks fluid to a cellulose center. This thick layer of cellulose quickly absorbs and disperses fluids laterally to prevent pooling. Hydrophobic back impedes strike-through and all edges are sealed to prevent linting.

Sterile 1's

Bulkee II[®] Wound Dressings

Our finest and most popular

Bulkee II[®] 100% Cotton Gauze Bandages

Compare to Kerlix[®]

Ideal for both primary and secondary wound care dressings. When used as a primary dressing, the open weave design provides fast wicking, absorbency and aeration. Compared to other leading brands, Bulkee II has a more tightly finished edge for reduced linting; and more crimps per linear foot for increased cushioning and patient comfort. The 6-ply Bulkee II bandage stretches and conforms to a variety of patient needs. It performs exceptionally well in burn care applications.

Sterile

TIP! If you lose your applicator, simply take a 2cc syringe (without the needle), remove the plunger and place the netting over the syringe. Place the digit inside the syringe and slowly move netting on to the digit.

TIP! Measure circumference of appendage to select correct product size.

Favored by wound care nurses everywhere. This tubular retainer net holds dressings firmly in place. It is an essential product for use with fragile, geriatric, pediatric, and at-risk skin, or those allergic to tape.

- Rayon/polyester knitted elastic net tube holds dressings firmly in place and reduces dressing time
- Soft, open weave does not constrict
- Easily cut to customize length
- Accommodates virtually any part of the body from finger to XX large torso
- Latex-Free and neoprene free

NON4311 Adhesive Surgical Dressing

New! Adhesive Surgical Dressing

This all-in-one dressing helps reduce nursing time by assembling in one dressing a sterile sponge, non-adhesive pad and cloth "silk" tape. A non-adherent contact layer that permits free flow of drainage, protects the wound site, and will not stick to granulating tissue. A soft, highly absorbent rayon/cellulose pad for light to medium draining wounds. A hypoallergenic tape backing holds the pad in place on two sides. Easily cut to customized sizes. Ideal for long surgical incisions, lacerations, abrasions and invasive lines. Latex-Free.

Sterile 1's

Item#	Size	Quantity
NON4311	4" x 6" (4" x 3" pad)	25/bx, 8 bx/cs, 200 ea/cs
NON4313	8" x 6" (8" x 3" pad)	25/bx, 4 bx/cs, 100 ea/cs

NON25710 3" x 4" Sterile Non-Adherent Pads*Non-Adherent Pads*

This sterile, absorbent cotton pad will not interfere with granulating tissue by sticking to the wound. The soft perforated film allows air to circulate and the absorbent cotton pad allows the fluid to collect. It can easily be cut to fit any shape without separating.

Self-Adherent Wraps

Co-Flex NL™

This is a self-adherent, latex-free, hand-tear compression wrap that is ideal as a secondary dressing without the need for clips or tape. It allows for better compression control than other self-adherent wraps because it will not constrict once applied. Each bandage is individually wrapped.

Sterile, Latex Free

Item#	Size	Quantity
DYNJ05123	2" x 5 yds stretched, beige	20 rolls/cs
DYNJ05124	3" x 5 yds stretched, beige	20 rolls/cs
DYNJ05129	4" x 5 yds stretched, beige	20 rolls/cs
DYNJ05130	6" x 5 yds stretched, beige	20 rolls/cs

Non-Sterile, Latex Free

Item#	Size	Quantity
MDS088002	2" x 5 yds stretched, beige	36 rolls/cs
MDS088003	3" x 5 yds stretched, beige	24 rolls/cs
MDS088004	4" x 5 yds stretched, beige	18 rolls/cs
MDS088006	6" x 5 yds stretched, beige	12 rolls/cs

MDS066004 Self-Adherent Co-Flex

Co-Flex Med™

This is a latex based self-adherent, hand-tear compression wrap.

Sterile

Item#	Size	Quantity
DYNJ086002	2" x 5 yds stretched, beige	20 rolls/cs
DYNJ086003	3" x 5 yds stretched, beige	20 rolls/cs
DYNJ086004	4" x 5 yds stretched, beige	20 rolls/cs
DYNJ086006	6" x 5 yds stretched, beige	20 rolls/cs

Non-Sterile

Item#	Size	Quantity
MDS086002	2" x 5 yds stretched, beige	36 rolls/cs
MDS086003	3" x 5 yds stretched, beige	24 rolls/cs
MDS086004	4" x 5 yds stretched, beige	18 rolls/cs
MDS086006	6" x 5 yds stretched, beige	12 rolls/cs

Some of our new products...from Medline!

New! Cotton Form Conforming Bandage p. 9

This 100% cotton 2-ply woven bandage is the ideal choice for clinicians looking for an exceptionally lightweight and breathable conforming bandage.

New! Neon Adhesive Bandages p. 21

This bright assortment of five neon colors includes 10 strips each of pink, blue, green, purple and yellow in each box.

New! Medfix Adhesive Moleskin p. 21

Used to prevent blisters, corns, calluses and chafing.

New! Medfix Montgomery Straps p. 21

Hypoallergenic adhesive straps used to facilitate frequent dressing changes without having to remove and reapply tape.

New! Adhesive Surgical Dressing p. 22

Ideal for long surgical incisions, lacerations, abrasions and invasive lines.

New! Petrolatum Gauze Overwraps p. 16

Designed for use in the OR with overwrap packaging to preserve the sterile field.

New! Pressure Adhesive Bandage p. 21

Absorbent cellulose pad expands to 7 times its size providing gentle pressure to stop bleeding. Saves nursing time and promotes comfort for dialysis, cardio cath and chemotherapy patients.
