

# O.R. Necessities™

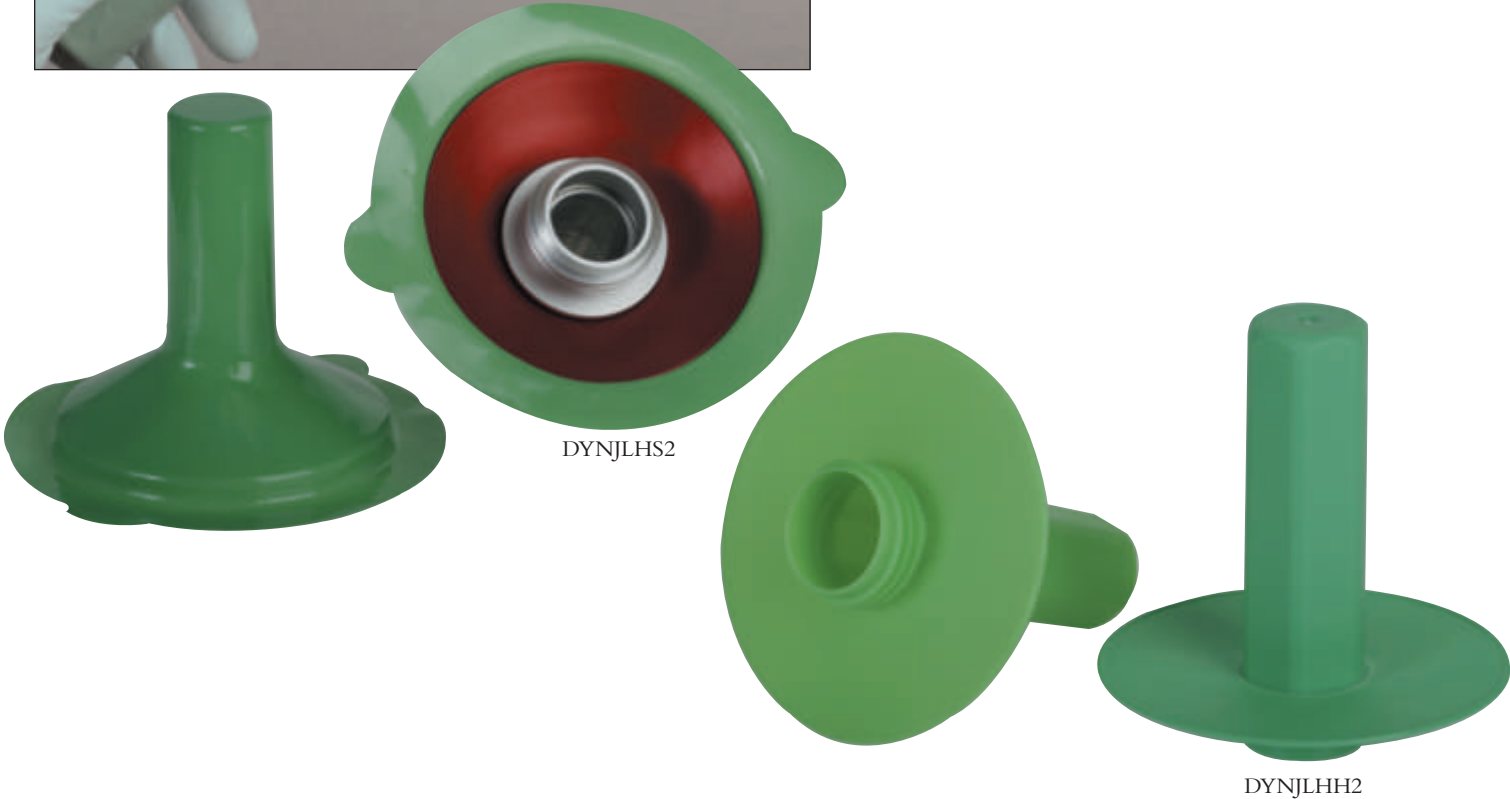

Simple Solutions...Saving Time & Money

## Light Handle Covers

Standardize your overhead lighting with Medline's disposable light handle covers.

- Efficient and cost-effective—eliminates the need for reprocessing
- Two styles to fit your needs and simplify ordering:
- Flexible covers—smooth plastic covers slide easily on to adapters. With pull tabs for quick removal
- Rigid covers—super-sturdy plastic, woven with threads for extra strength. Twists into place, securing within the adapter
- Fits Kendall LiteGlove and EZ Handle adapters

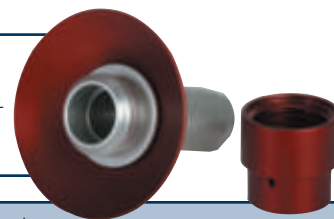

Item #	Description	Qty/Pk	Pk/Cs	Kendall Devon Tyco Cross
DYNJLHS1	Flexible Light Handle Cover	1	80	31140208 (3611)
DYNJLHS2	Flexible Light Handle Cover	2	80	31140257 (3612)
DYNJLHS3	Flexible Light Handle Cover	3	80	31140216 (3613)
DYNJLHH1	Rigid Light Handle	1	24	31140133 (3641)
DYNJLHH2	Rigid Light Handle	2	24	31140125 (3642)

## Light Handle Adapters

- Adapters will allow flexible and rigid covers to fit onto the surgical light
- Designed to Standardize surgical lights
- All Adapters come with instructions for easy installation

FREE: convert to Medline light handle covers, and we'll provide free adapters—available on all the industry's top brands

# Needle Counters

Choose from a wide range of materials and styles to meet your safety protocols and surgeons' preferences

- Available in printed foam block, foam strips, and magnet configurations
- Adhesive tabs secure counter to any work space
- Needle counts range from 10 to 100
- Available with white magnet surface for visibility when using dark needles
- Printed surfaces promote easy counting
- Detaches in half for dual usage in different areas
- Security lock prevents accidental opening
- Blade Removal System allows accident-free scalpel blade removal

## Surgical Blades and Disposable Scalpels

More than 30 years of research and engineering have gone into the production of these high quality world standard surgical blades and disposable scalpels; the definite choice of leading surgeons and hospitals worldwide. Choose blades in sizes from 10-36” in either carbon steel or stainless steel. Disposable scalpels feature an ergonomically designed ABS plastic handle for better feel and precision. Both blades and scalpels offer excellent value and significant savings.

### Carbon Steel Blades

## Fog Buster™ Anti-Fog Solution

Anti-Fog Reduction Device effectively eliminates fog on scopes during endoscopic procedures

- Two styles of packaging, either soft flexible package or the hard blister pack.
- Large 4.5cm x 4.5 cm sponge

Item #	Description	Pk/Cs	Kendall Cross
NONFB101	Anti Fog, Blister pack	20	31142527 (3910)
NONFB100	Anti Fog, Soft pack	20	

## Insufflation Tubing

Insufflation tubing with two luer lock connectors and tubing with one luer lock and one CPC connector.

- Bacterial and Viral Protection: the insufflation filter prevents bacterial and viral contamination from possible backflow of surgical smoke, protecting both equipment and operating room personnel
- Virus Filtration Efficiency (VFE) of 99.999% for viruses to 0.02 microns
- Hydrophobic membrane provides complete fluid backflow protection
- Maximum Flow: Compatible with insufflators with flow capacities to 24 liters/minute.

DYNJ05933

Item #	Description	Pkg
DYNJ05933	Insufflation Tubing w/.1 Micron Filter with 2 Luer Locks	10/ea
DYNJ06933	Insufflation Tubing w/.1 Micron Filter with 1 CPC Connector and 1 Luer Lock	10/ea

## Insufflation Needle

The needle is easily inserted into the abdomen and produces an audible “click”.

- 120mm Needle
- Spring Activated

Item #	Description	Pkg
DYNJ06301	Insufflation Needle 120MM	

DYNJ06301

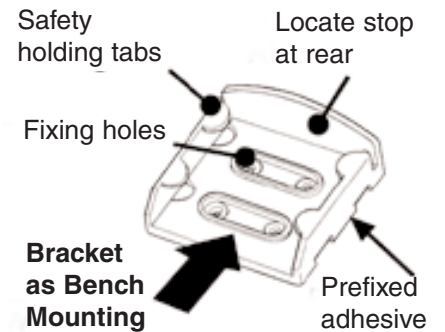

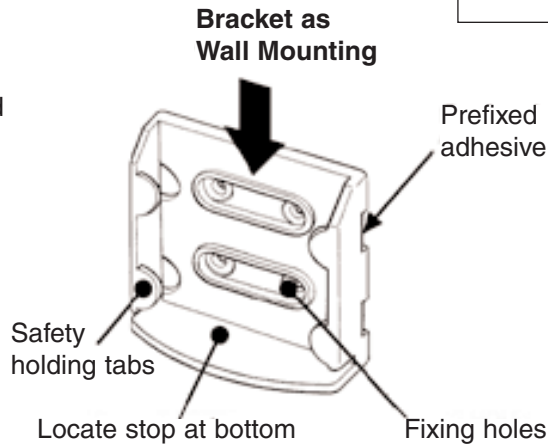

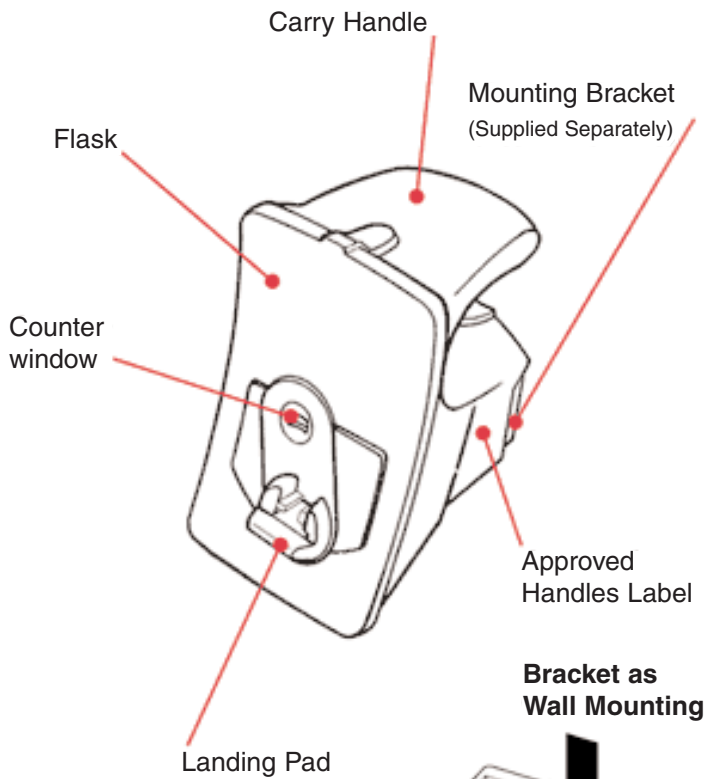

MDSQLKSMT1

## Qlicksmart® Disposable Scalpel Blade Remover

The World's First Single Handed Scalpel Blade Remover. The Qlicksmart blade removal system is designed for single-handed operation and comprises two components - Flask and Bracket.

- Safely removes scalpel blades in three easy steps
- 100 Blade capacity
- When full, each flask unit is disposed of as medical waste.
- The Qlicksmart has been tested and is suitable for use with blades using the following most commonly used handles. No. 3, No. 4, No. 5, No. 7, No. 9

Item #	Description	Pkg
MDSQLKSMT1	QlickSmart, Disposable Blade Removal Device, holds 100 blades	each

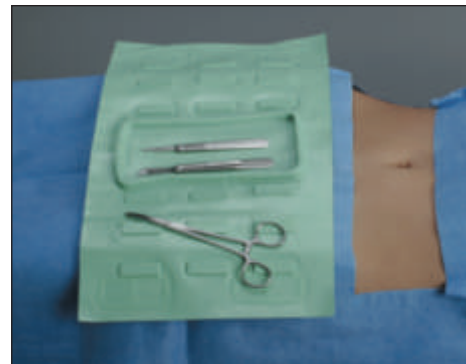

## Magnetic Drapes

These disposable drapes work as surgical trays, allowing quick, safe access to instruments

- Holds instruments against the sterile field during rests and transfers
- Creates a safe transfer zone, reducing risk of percutaneous injury
- Flexible drapes contour to the patient's body for a custom fit
- Non-slip foam backing prevents shifting

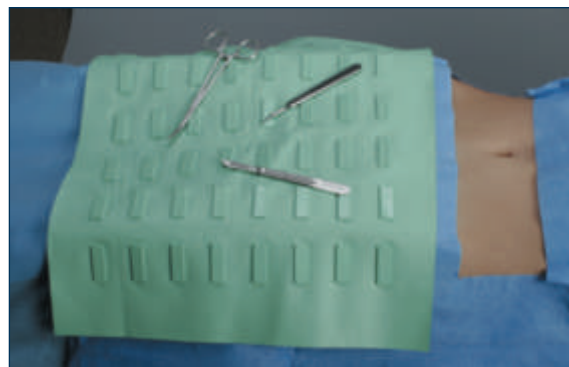

DYNJMDS1

DYNJMDN1

Item #	Description	Ea/Cs	Kendall Cross

DYNJMDN1	10"x16" w/Transfer Zone	30	31140612 (141)

DYNJMDL1

## Transfer Trays

A safe, consistent place to keep instruments during surgery

- Rectangular tray attaches easily to the sterile field or magnetic drapes
- Adhesive bottom secures to any work surface
- Allows quick and safe transfer of instruments

Item #	Description	Ea/Cs	Kendall Devon Tyco Cross
DYNJTTA1	Transfer Tray with Adhesive Bottom, 3.75"x9"x1"	50	31140398 (103)

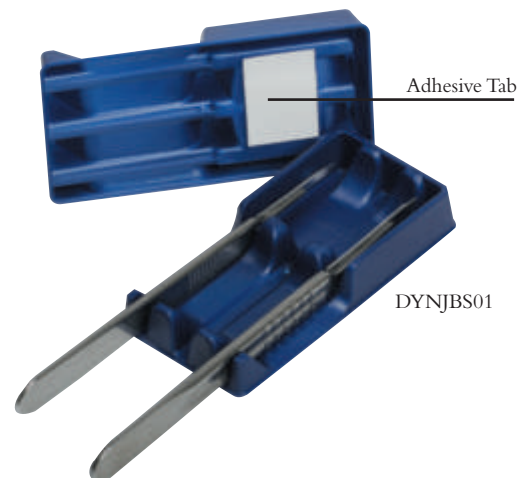

DYNJTTA1

## Scalpel Holders

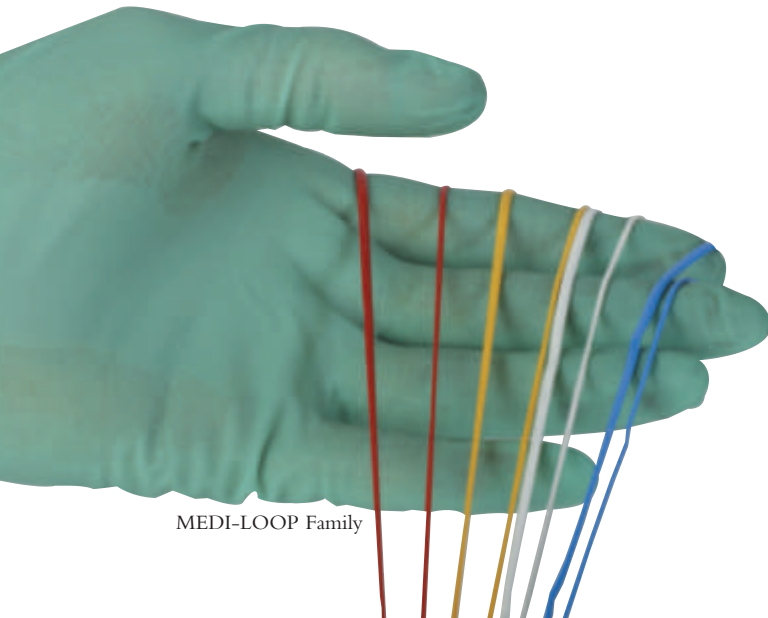

Prevents accidental stabs and cuts, while keeping scalpels ready

- Holds up to three scalpels in the safe "down" position
- Adhesive tab secures to any work surface

Item #	Description	Ea/Cs	Kendall Devon Tyco Cross
DYNJBS01	Scalpel Holder	100	31142576 (3593)

DYNJBS01

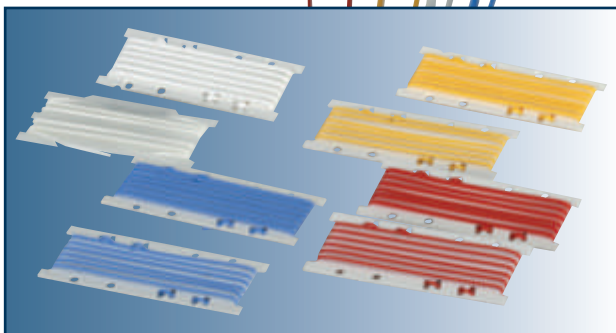

MEDI-LOOP Family

## MEDI-LOOPS™

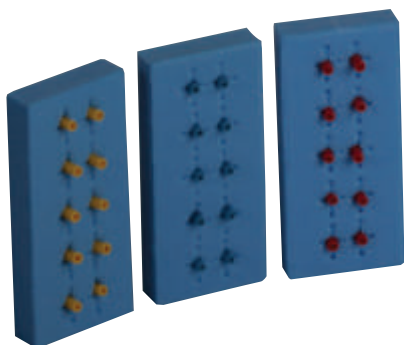

Vessel loops help surgeons occlude, retract, and identify vessels, veins, nerves, and tendons

- Available in four bright colors for quick identification
- Durable, radiopaque, medical-grade silicone
- Fluid-repellent; retains visibility throughout procedure
- Neatly wrapped to prevent tangling
- Available in two sizes: Maxi loops – 2.5mm wide, 1mm thick  
Mini loops – 1.3mm wide, 0.9mm thick

Item #	Description	Ea/Pk	Pk/Bx	Bx/Cs	Kendall Devon Tyco Cross
DYNJLV01	Blue Maxi	2	10	10	31145678 (6203)

## Bone Wax

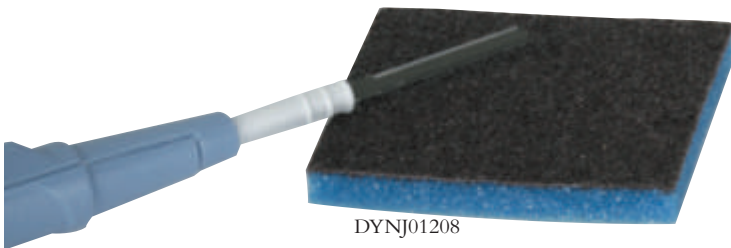

Medline Bone Wax is used to control bleeding in Thoracic (chest/cardiovascular), Neurosurgery, Orthopedic Surgery, Oral and Maxillofacial surgeries.

- Made of Non-Bleached Beeswax
- Soft, easy to form and to apply
- 2.5 grams in a easy to open foil package

Item #	Description	Ea/Cs
DYNJBW25	Bone Wax	12/ea

DYNJBW25

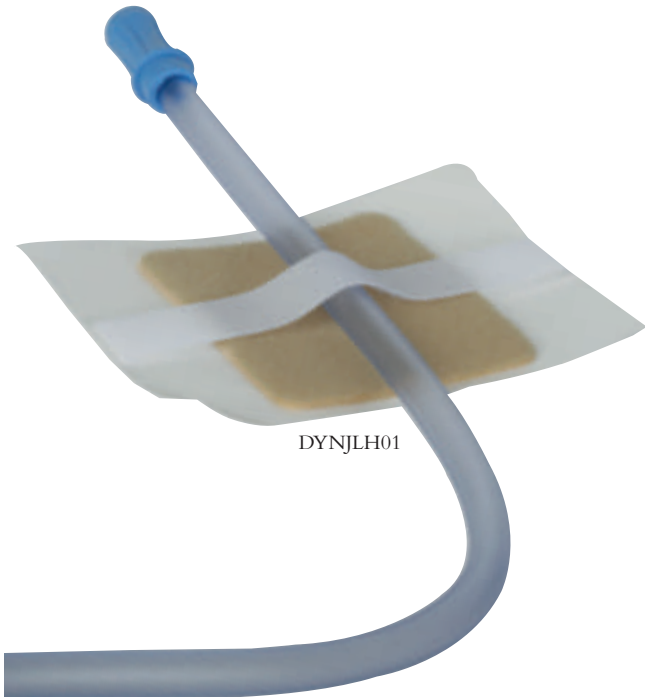

DYNJ01208

## Cautery Tip Cleaner

Facilitates quick, easy cleaning of cautery tips during surgery

- Promotes quick removal of materials
- Radiopaque strip allows x-ray detectability
- Sturdy adhesive back for easy mounting anywhere

Item #	Description	Ea/Cs	Kendall Cross
DYNJ01208	Cautery Tip Polisher, 5cm x 5cm	100	31142790 (3200) 31142717 (3204)

DYNJLH01

## All-Purpose Tube Holders

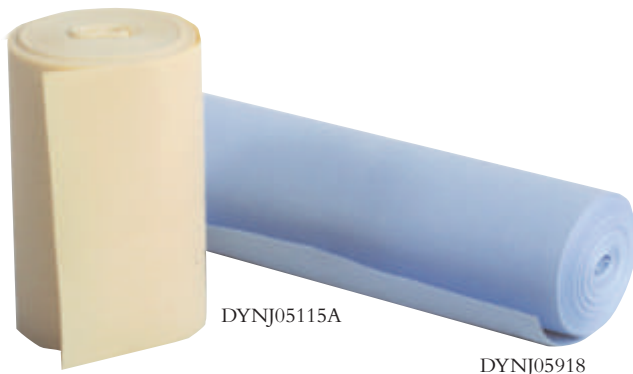

This versatile tube holder secures all types of tubes and cords

- Adhesive backing fastens easily to cloth, drapes, and skin
- The Velcro® strap removes for maximum flexibility

Item #	Description	Ea/Cs	Kendall Cross
DYNJTH01	Tube Holder w/Removable Strap	100	31142667 (3100) 31142659 (3102)

## Esmark Bandages are Ideal for Orthopedic Procedures

The durable elastic properties and thickness of these bandages help provide sound compression. Choose from latex or latex-free. Latex-free bandages are blue for easy identification and are virtually powder free.
