## Disposable Incontinence Products

**For all your incontinence needs,  
Medline has the solution**

**Innovative Incontinence Products for Better Care**

# MEDLINE

## THE LEADING INNOVATOR IN INCONTINENT CARE PRODUCTS

*Medline Disposable Incontinence Products offer the most innovative designs to provide better patient care, increased dignity and cost containment.*

### Containment

**Soft Anti-Leak Cuffs** can be found on over half of the adult containment products offered. Increased leakage protection and security for the wearer improves psychological comfort. Increased leakage protection for the caregiver reduces the amount of bed linens utilized, containing costs. pp. 4, 5, 8, 9, 10, 13

**Dual Blue Barrier Shields**, available only on Moliform Premium liners, provide the ultimate in leakage protection. This unique feature placed in the front and back of the liner restricts the fluid from escaping on either end. When this feature is combined with soft anti-leak cuffs and our breathable Protection Plus Mesh or Knit Pants, it provides very good patient care and dignity. p. 10

### Comfort

**Breathable Outer Cover** can be found on the Protection Plus® Ultra briefs. Medline introduced its first adult brief with “breathability” in 1998. Skin care and wearer comfort is always in the forefront of product design. pp. 5, 8, 9

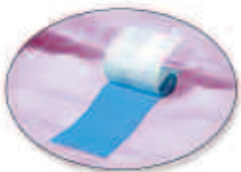

**Comfort Stretch Poly** back sheet has unique properties that allow it to shape and conform to the natural curves of the body. This technology provides a better fitting, quieter, discreet alternative to increase the wearer’s dignity and comfort. pp. 4, 5, 8

### Cost Effective

**Visible Tape Landing Zone** allows for multiple re-fastenings and is available on the Protection Plus® Ultra and Classic adult briefs. This waste-saving technology also facilitates the use of a bowel and bladder or toileting programs, reducing the amount of containment products purchased and increasing the patient care and dignity of the wearer. This unique feature also helps provide better sizing control for the resident. pp. 5, 6

**Dual Tape Tabs** also allow for multiple re-fastenings and are available on all Molicare adult briefs. This waste-saving technology also facilitates the use of a bowel and bladder or toileting program, reducing the amount of containment products purchased and increasing the patient care and dignity of the wearer. Used in conjunction with the Molicare targeting system, this provides the wearer with correct sizing and a perfect fit. pp. 2, 3, 4, 5, 8

The color-coded drop symbol will help you determine the product offering that provides adequate absorption capacity for your individual resident’s level of incontinence. Yellow for Light incontinence. Green for Moderate incontinence. Blue for Heavy incontinence. Purple for Overnight protection.

# SELECTING THE PROPER PRODUCTS

## Light Incontinence

Slight volume of urine or occasional dribbling

**Capri Bladder Control Pads**

Page 11

**Molimed Liners**

Page 11

## Moderate Incontinence

More frequent volume of urine or constant dribbling

**Protection Plus Protective Underwear and Molicare Mobile Protective Underwear**

Page 8,9

**Disposable Liners**

Page 10

**Protection Plus Belted Undergarments**

Page 9

## Heavy Incontinence

High volume of urine and/or fecal incontinence

**Protection Plus Briefs and Molicare Briefs**

Page 5, 6, 7

**Moliform Overnight Liners**

Page 10

**Molicare Super Overnight Briefs**

Page 4

## SIZING GUIDE FOR INCONTINENT CARE PRODUCTS

### MEASURE THE HIP OR WAIST, WHICHEVER APPEARS LARGER AS FOLLOWS:

**STEP 1:** Measure “hipbone to hipbone” and over the abdomen.

**STEP 2:** Double the largest measurement obtained and add 2 inches.

**STEP 3:** Using this figure, make product size selection from the chart on the right.

#### EXAMPLE

Hipbone to Hipbone = 19”  
 $19" \times 2 = 38" + 2 = 40"$   
 40” = a Medium/Large Molicare Brief

### BRIEF SIZE SELECTION:

#### PROTECTION PLUS

Small = 20” - 31” (Light Blue/Green)  
 Medium = 32” - 44” (White)  
 Regular = 34” - 56” (Purple)  
 Large = 45” - 58” (Blue)  
 X-Large = 59” - 66” (Beige)  
 XX-Large = 60” - 69” (Green)

#### MOLICARE

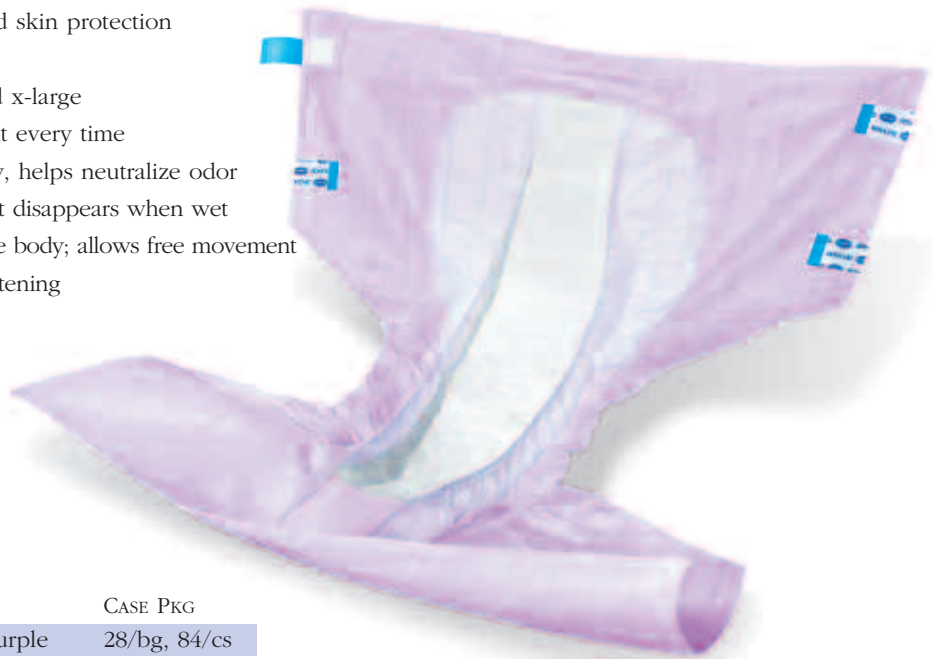

Small = 20” - 34” (Light Blue)  
 Medium/Large = 27” - 56” (White)  
 Large/X-Large = 44” - 64” (Dark Blue)

# MOLICARE® SUPER BRIEFS

**EXTENDED CAPACITY/OVERNIGHT**

- Increased Capacity** – Provides confidence and skin protection
- Anti-Leak Cuffs** – Superior containment
- Oversize Design** – Eliminates sizes regular and x-large
- Size and Tape Target Stripe** – For a perfect fit every time
- Secure 3-Part Absorbent Core** – High capacity, helps neutralize odor
- Wetness and Size Indicator** – Easy size ID that disappears when wet
- Comfort Stretch Poly Backing** – Conforms to the body; allows free movement
- Dual Tape Closures** – Allows for multiple refastening
- Curly fiber** – Neutralizes urine pH

# ALOETOUCH® PREMIUM CLEANSING CLOTHS

- **Alcohol-Free**
- **Multiple Sizes**
- **Lightly Scented or Fragrance-Free**
- **Contains Aloe Vera**

Our Aloetouch wipes are made of an incredibly strong, yet soft, spunlace material. Conveniently pre-moistened with a gentle solution to cleanse the patient's skin. Aloe Vera helps soothe and soften delicate or sensitive skin.

Aloetouch Premium Cleansing Cloths with Dimethicone offer a one-step, total perineal care product helps clean, moisturize and protect the skin from perineal dermatitis. These Aloetouch cloths are pre-moistened with Dimethicone, which is an FDA skin protectant. It also provides nurses an easy-to-use product, which helps in compliance with incontinence protocols. Use of Aloetouch with Dimethicone saves nursing time and eliminates costly soaps, basins and other perineal cleansers and barriers.

MSC095382	7 oz Tube		12/cs
MSC095384	5 Gram Unit Pack		12/cs

# Fit Right Program for Better Care

## IMPROVE YOUR CONTINENCE CARE BUDGET!

Disposable incontinent products offer one of the greatest opportunities to reduce costs when managed correctly. Medline developed the "Fit Right Program" to work with you each step of the way to promote patient care while improving your overall cost.

### HOW WILL THE FIT RIGHT PROGRAM LOWER YOUR COSTS?

- Fewer residents in oversized briefs
- More residents in appropriate products for their level of incontinence
- Survey preparedness
- Lower costs from better care
- Price protection

### HOW DOES THE PROGRAM WORK?

- Analyze your savings
- Effectively implement program
- Measure the impact

### WHAT'S INCLUDED IN THE FIT RIGHT PROGRAM?

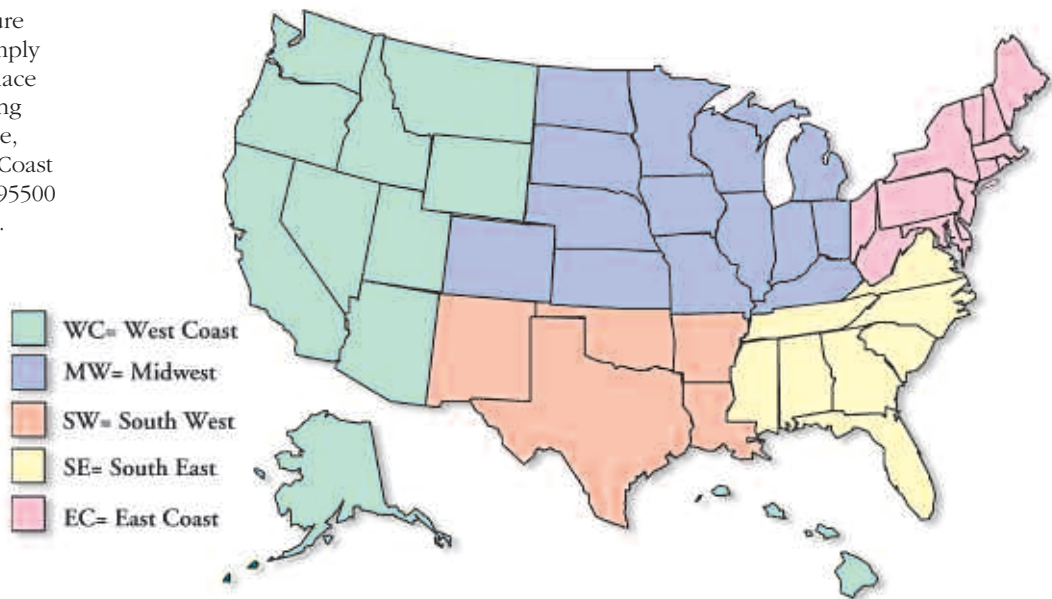

- System management kit
- A complete operational manual
- Automated product utilization reports
- Comprehensive clinical manual
- Continuing education program

## IMPORTANT ORDERING INFORMATION FOR BRIEFS

Medline briefs are stocked and distributed by region to ensure timely delivery. To order, simply insert your region code in place of the asterisks in the ordering number column. For example, if your facility is in the East Coast region, order number MSC\*\*95500 would become MSCEC95500.

To order, call 1-800-MEDLINE (633-5463) or e-mail us at [www.medline.com](http://www.medline.com)
