TownLine Wire by Medline

A selection of quality wire shelving and wire carts at the best price in the market.

Townline Wire products are designed to easily assemble and reassemble to accommodate changing needs.

Key features include:

• **High Weight Capacities**
Stationary Weight Capacity (evenly distributed)
Shelf width up to 72" wide: 300 lbs. per shelf.

  Mobile Weight Capacity
  Our 5" polyurethane casters have a mobile weight capacity of 225 lbs each, providing a 900 lb. weight capacity per cart.

• **Tool-Free Assembly**

• **Warranty**
All products are warranted to be free from defects in material and workmanship under normal use, service and maintenance for a period of one (1) year from date of invoice.
  TownLine Wire products are recommended for dry and heated environments only.

Complimentary Design Solutions

For large or small projects, designing a custom TownLine solution for your storage space is as easy as 1, 2, 3.

1 Ask your local Medline representative to sketch the dimensions of your space.

2 You will receive a custom diagram of your space from our design experts along with a detailed listing of components to complete your project.

3 Order your TownLine Wire components and set up your new storage space. TownLine is easy to assemble – no tools required!

The Industry's Sturdiest Shelving Unit!

Our economical, sturdy chrome shelving units consist of four posts, four shelves, four post levelers and plastic shelf clips. Units can be used as standalone units or part of a full storage solution. The shelving units can easily be made mobile by adding casters (see below).

MDRM18366C	18" x 36" x 64"
MDRM18486C	18" x 48" x 64"
MDRM18606C	18" x 60" x 64"
MDRM24366C	24" x 36" x 64"
MDRM24486C	24" x 48" x 64"
MDRM24606C	24" x 60" x 64"

Make it Mobile with TownLine Casters

Make any of our stationary units mobile by adding casters. Featuring 5" swivel, non-marking polyurethane wheels that are threaded to fit easily into the bottom of the posts. Donut bumpers are included to help protect walls.

MDRMBPSC Shelf Clips

Hold Your Units Together with These S-Hooks

Add-on units are made easy with our S-Hooks. Use 2 for each add-on wire shelf and 3 for widespan shelves over 30". When connecting an Add-on unit the S-Hooks are used in the corners for L-shaped units and on the side for back-to back units or on the ends for continuous runs of shelving. Four to a pack.

MDRMSH S-Hooks, Chrome

Keep Shelf Contents Intact with TownLine Enclosure Panels

MDRM1863E   18" x 63"
MDRM2463E   24" x 63"
The number in parenthesis e.g.,(1) is the quantity you will need to order. Some sizes may require ordering more than one of the same item number.

Use the handy reference to help you determine the number of Enclosure Panels you need. Remember to note the width and depth of your shelves, and then follow the chart to identify the panels you need to order. For three-sided enclosures you will need to order for the back and for both sides. These are not compatible with solid shelves.

Shelf width/ length	Panel needed	Shelf width/ length	Panel needed
18	(1) MDRM1863E	48	(2) MDRM2463E
24	(1) MDRM2463E	54*	(2) MDRM1863E
30*	(2) MDRM1863E		(1) MDRM2463E
36	(2) MDRM1863E	60	(1) MDRM2463E
42	(1) MDRM1863E		(2) MDRM1863E
	(1) MDRM2463E	72	(3) MDRM2463E

* Due to the available widths of enclosure panels, 6" will be overlapping

For additional sizes, ask your Medline sales representative.

Solid Galvanized Steel Shelf

Our 18-gauge solid galvanized steel shelves are a cost effective alternative to stainless steel. Use one or more on a shelving unit – can be combined with other shelves we carry on a unit. Plastic shelf clips are included.

MDREG1836G   18" x 36"
MDREG1848G   18" x 48"
MDREG1860G   18" x 60"
MDREG2436G   24" x 36"
MDREG2448G   24" x 48"
