Re: Walker Glide Brakes (Model MDS86615B)
Walker Glide Brakes with Wheels (Model MDS86615WB)

Dear Mr. Jacobs:

This letter is in response to your recent inquiry for coding verification of the above listed products manufactured by your company. The Statistical Analysis Durable Medical Equipment Regional Carrier (SADMERC) has reviewed the documentation and information submitted for HCPCS Coding. The SADMERC conducts reviews of products to determine the correct HCPCS code(s) of DMEPOS product(s) for Medicare billing.

It is our determination that the Medicare HCPCS code(s) to bill the four Durable Medical Equipment Regional Carriers (DMERCs) is/are:

A9980 Miscellaneous DME supply, accessory, and/or service component of another HCPCS code, when the above listed product(s) is/are provided on initial issue.

E0159 Brake attachment for wheeled walker, replacement, each, for Walker Glide Brakes (Model MDS86615B).

E0155 Wheel attachment, rigid pick-up walker, per pair and **E0159 Brake attachment for wheeled walker, replacement, each**, for Walker Glide Brakes with Wheels (Model MDS86615WB).

This HCPCS coding decision applies to submitted product(s) as presented to and reviewed by the SADMERC. Any modifications to the product(s) could change the HCPCS code and would need to be reviewed for coding verification. The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. For questions regarding claim coverage or reimbursement please contact your regional DMERC.
