Re: Xeroform Petrolatum Gauze Dressings, Sterile (Models NON253180, NON253180Z, NON253590, NON253590Z)

Dear Mr. Tymkiw:

The SADMERC and the four Durable Medical Equipment Regional Carriers (DMERCs) have completed the HCPCS Coding Verification Review on August 2, 2004 for the above listed product(s) manufactured by your company. This review resulted in a consensus coding decision.

It is our determination that the Xeroform Petrolatum Gauze Dressings, Sterile (Models NON253180, NON253180Z, NON253590, NON253590Z) meets the description for a HCPCS code as assigned in the DMERC Medical Policy for Surgical Dressings. Therefore, the correct Medicare billing code(s) for the product(s) is/are

A6222 Gauze, impregnated with other than water, normal saline, or hydrogel, pad size 16 sq. in. or less without adhesive border, each dressing for Models NON253180 and NON253180Z.

A6223 Gauze, impregnated with other than water, normal saline, or hydrogel, pad size more than 16 sq. in. but less than or equal to 48 sq. in., without adhesive border, each dressing for Models NON253590 and NON253590Z.

This HCPCS coding decision applies to the submitted product(s) as presented to and reviewed by the SADMERC and four DMERCs. Any modifications to this product could change the HCPCS code and would need to be reviewed for coding verification. The assignment of a HCPCS code to this product should in no way be construed as an approval or endorsement of this product by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. For questions regarding claim coverage or reimbursement please contact your regional DMERC.
